Descripción : Portela entro junto a Palomo, ambos fueron decomisados. Portela es mucho mas desconfiada que Palomo. Es una perrita super buena y muy muy sumisa, enseguida se te pone panza arriba para que la toques y es muy mimosa. Pero de momento no hemos conseguido que salga con correa, al no haberle puesto una jamas, les tiene pánico. Sale y entra del patio muy contenta y no le presta atencion al resto de perros. Es super limpia y lo unico que necesita es tiempo y mucho amor.

Portela entered with Palomo, both were removed from their owner. Portela is much more wary than Palomo. She is a super good dog and very submissive, she immediately puts her belly up for you to touch her and she is very cuddly. But so far we have not been able to get her to go out on a leash, since we have never put one on her, she is terrified of them. She leaves and enters the patio very happy and does not pay attention to the rest of the dogs. She is super clean and all she needs is time and a lot of love.
